

Wordly

Live AI Translation, Captions, and Summaries for Every Meeting and Event

5 Million Users in Over 60 Countries

One comprehensive platform

- Live AI translation, captions, subtitles, transcripts, and summaries
- Available on-demand, 24/7

Built for any meeting or event

- In-person, virtual, and webinar sessions
- Integrates directly with Zoom, Teams, Cvent, and more

Instant access for attendees

- Works seamlessly on any device
- Join by scanning a QR code or clicking a link, with no downloads required

Flexible listening and viewing

- Select a language and follow via live audio, captions, or subtitles
- View on personal devices, room monitors, or video overlays

Lightning-fast setup

- Set up a session in under five minutes
- Streamlined workflows for event organizers, speakers, and AV teams

Premium onboarding & support

- Personalized onboarding and training
- Access expert support before, during, and after your events

High accuracy and control

- Instantly translate dozens of languages
- Add custom glossaries for greater accuracy with names, acronyms, etc.

Generate value after your sessions

- Download transcripts and summaries
- Generate subtitle files and voice transcripts to localize videos

Scale across your organization

- Equip teams with a secure, shared enterprise workspace
- Standardize workflows across daily meetings and global events

Enterprise-grade security, privacy, and compliance

- ISO 27001 & SOC 2 Type II compliant
- Meet language access requirements, including WCAG, EAA, Bill 96, etc.
